CAREER BRIEF

Dr. Gary J. Gates serves as Research Director and Williams Distinguished Scholar at the Charles R. Williams Institute on Sexual Orientation and Gender Identity Law and Public Policy.

Dr. Gates co-authored *The Gay and Lesbian Atlas* and is a recognized expert on the geography and demography of the lesbian, gay, bisexual, and transgender (LGBT) population. He publishes extensively on the demographic and economic characteristics of the LGBT population. Many national and international media outlets regularly feature his work.

Gates provided expert witness testimony in *DeBoer v. Snyder*, a lawsuit challenging Michigan's ban on marriage for same-sex couples. He also authored amicus briefs cited in several court rulings in similar marriage cases.

Prior to completing his PhD from the Heinz College, School of Public Policy and Management at Carnegie Mellon University, Dr. Gates facilitated the development of and co-authored a statewide HIV prevention plan for Pennsylvania. He also served as the Director of the AIDS Intervention Project, a community-based AIDS service organization in the Altoona-Johnstown area of Pennsylvania.

Gates' background includes a Master of Divinity degree from St. Vincent Seminary and a Bachelor of Science degree in Computer Science from the University of Pittsburgh at Johnstown.
